COMBI-CUBE

THE ART OF [®]EVOLUTION

- Reduces Energy Costs •
- Optimizes Results •
- Extends Lifetime •

Individual. Ecological. Financially Efficient.

We are glad to present the KARA COMBI-CUBE, the top of customization.

Easy possibility to integrate a second stage of paint separation
INSIDE the standard-cube.

KARA COMBI-CUBE SMART-FLOW series

KARA COMBI-CUBE FIN-TECH

I. Space-saving and highly efficient – reduces your energy-costs

Two versions available – first stage supplied by KARA SMART-FLOW or KARA FIN-TECH series – the application of our KARA SECOND-STAGE 470 sets new standards in the fields of energy-costs, optimization of results and efficient use of space.

The possibility of implementation INSIDE the standard-cube, metrics of LxWxH 500 mm x 485 mm x 485 mm, hands you a strong tool. Without any expansion or reconstruction of your spray-booth.

Each of the two possible first stages reduces the pressure-drop levels to a minimum, due to the revolutionary way of construction. From the start and along the main range of the life-time.

II. Extension of life-time – Exhausts the maximum of your production

The possible doubled or even tripled life-time of the KARA COMBI-CUBE, compared to separators of other manufacturers, reduces the service-caused loss of production to a minimum.

Exhaust the maximum of your paint-booth's production. Rates of growth can be realized in a larger frame, without any need of high financial invests in additional space, spray-booths and staff.

III. Improvement of cleanliness – Optimizes results and working conditions

As an effect of the unique designs, application of the KARA COMBI-CUBE leads to an outstanding improvement of the cleanliness of your spray-booth.

Following this fact, the KARA COMBI-CUBE series delivers an important contribution to optimize results of production and working conditions.

IV. Easy customization – Enables additional application of different media

The option of additional easily implementing different kinds of filtration media, realizes a high level customization to the individual needs and circumstances of every spray-booth.

Following other products of our company, the KARA COMBI-CUBE series can also be delivered flat-lying and space-saving.

Designed for self-assembling instant before utilization.
